NEOVI®

If you decide or must settle for an urban lifestyle with increased environmental pollution, you will gradually experience the negative influences and health complaints "up close": premature skin aging, profound skin disorders, color irregularities or redness, as well as hair loss. Therefore, you should deal early with detox and set the sails differently to protect your skin.

The NEOVI team has been working on the topics of *Detox* and *Antipollution* for a long time to develop revolutionary formulas for the future of health and aesthetics.

We are pleased that we are working in this path in a creative way to find a solution to prevent the invisible, adverse and late effects of pollution.

- supports the skin's natural regeneration
- reactivates the skin's natural defenses with caviar extract
- anti-Irritant and anti-Inflamatary properties
- anti-oxidant (effective protection against free radicals)

Three Generations

INGREDIENT CONCEPT:

- **JAPANESE BLOOD GRASS** extracted from the root of the plant, grows in Asia and Australia, survives extremely salty and arid regions. It is rich in **potassium** and **3-dimethylsulfopropionate (DMSP)**. This compound provides a lasting hydration of the skin, with up to **24 hours** of long-term effect. Moisturizing the epidermis, potassium ions and **DMSP** also help to maintain the cell's osmotic pressure.
- **LOW- and HIGH-MOLECULAR HYALURONIC ACID** also ensures optimal moisture.
- **PROTEINS** from the **WHITE LUPINE** improve the synthesis of the skin's own lipids, the cell metabolism, promote the regeneration of the skin barrier and limit the loss of water in the skin.
- **CAVIAR EXTRACT** reactivates the skin's natural defenses, has moisture-binding, firming, elasticity-enhancing properties.
- In addition, the gel contains **GREEN BEADS** loaded with **ALOE VERA EXTRACT** and **WHITE ACTIVE PEARLS** loaded with anti-pollution ingredient **BIOSACCHARIDE GUM-1** as polysaccharide matrix.
