NEOVI®

If you decide or must settle for an urban lifestyle with increased environmental pollution, you will gradually experience the negative influences and health complaints "up close": premature skin aging, profound skin disorders, color irregularities or redness, as well as hair loss. Therefore, you should deal early with detox and set the sails differently to protect your skin.

The NEOVI team has been working on the topics of *Detox* and *Antipollution* for a long time to develop revolutionary formulas for the future of health and aesthetics.

We are pleased that we are working in this path in a creative way to find a solution to prevent the invisible, adverse and late effects of pollution.

VITAL GOLD

ANTI - POLLUTION AND ANTI - AGING WITH HYALURON
MULTI SERUM DAY 24K GOLD

DESCRIPTION:

Exclusive Antipolluaging caregel with natural and marine ingredients, which helps the skin to moisturize, revitalize, optimize the elasticity and structure of the skin, ensuring a visibly neat appearance and enhancing its radiance.

PRODUCT BENEFITS:

- anti-pollution (increases the skin's resistance to environmental pollutants)
- anti-aging and protection from premature skin ageing
- anti-oxidant (effective protection against free radicals)
- protecting and revitalising with Vitamins (A, B12, C) and Minerals (Magnesium, Calcium)
- moisturizing and moisture- retaining
- stimulation of hyaluronic and collagen synthesis.
- detox and Anti- tiredness
- supports the skin's natural regeneration
- stimulating and reorganizing the facial proportions

Three Generations

INGREDIENT CONCEPT:

- **OLIGOSACCHARIDE** of marine origin from **ULVA LACTUA** also known as sea lettuce, is rich in minerals (**magnesium, calcium**) and vitamins (**A, B12, C**). The production of the skin substance is stimulated and reorganized, the facial proportions are harmonized, one of the most important functions of this active ingredient is the stimulation of hyaluronic and collagen synthesis. The signs of premature aging are mitigated. The facial oval is re-modeled, the cheeks are padded, the chin contours improved and overall redefined facial proportions.
- A wonderful extract from the **PERSIAN SILK** tree combats specifically visible signs of tiredness. It protects and repairs damaged skin caused by glycation and supports special detoxification systems. The skin is exceptionally fresh and radiant.
- excellent active ingredient from the **PEONY ROOT** for the optimization of the cell activity by renewing the mitochondria. It disassembles damaged mitochondria and removes them, a part of them is reused as in a cell recycling process. The bottom line is that the cells are provided of the energy they really need to to keep the skin young longer.
- **LOW-** and **HIGH-MOLECULAR HYALURONIC ACID** ensures surface moisture, moisturises the skin permanently and protects cell structures. The skin becomes smoother, more elastic, the firmness and resilience are increased, the skin appears more even and soother.
- **SODIUM PCA** is an important component of the skin's natural moisturizing factor (**NMF**), it has a good water binding capacity, helps to keep the skin looking fresh and retain or improve its elasticity.
- **ALLANTOIN, PROVITAMIN B5, 24K GOLD LEAF FLAKES** as a visual highlight for radiant skin, anti-oxidant properties and moisturizing factor.
