If you decide or must settle for an urban lifestyle with increased environmental pollution, you will gradually experience the negative influences and health complaints "up close": premature skin aging, profound skin disorders, color irregularities or redness, as well as hair loss. Therefore, you should deal early with detox and set the sails differently to protect your skin.

The NEOVI team has been working on the topics of *Detox* and *Antipollution* for a long time to develop revolutionary formulas for the future of health and aesthetics.

We are pleased that we are working in this path in a creative way to find a solution to prevent the invisible, adverse and late effects of pollution.

EYELASH & EYEBROW

ACTIVATING SERUM WITH HYALURON

## EYELASH AND EYEBROW ACTIVATING SERUM WITH HYALURON

2 x 3 ml

## DESCRIPTION:

NEOVI Two in One eyelash and brows activating serum, with the exclusive active ingredient lipo-oligo peptides, is a prostaglandin-free, nurturing and protective activating serum, which ensures effective keratin production of eyelashes and eyebrows. The aim is to stimulate eyelash and eyebrow growth and increasing hair density in daily use. The eyelash and brow growth phase lasts 4-12 weeks. Thanks to its hyaluronic acid content, the serum provides intense hydration at the same time. NEOVI Two in One eyelash and brows activating serum is the perfect assistant for fine, thin and fading eyelashes and eyebrows. Due to eyelash extension, negative environmental influences, prescription drug use or toxins, unbalanced diet or make-up and make-up remover, are weakened and should be regenerate.

The eyelash and eyebrow treatment is an excellent care for sensitive eyes, in case of eyelashes and eyebrow loss, during and after chemotherapy, before and after pregnancy also suitable for nursing mothers, for contact lenses users, after laser treatment, after permanent make-up, after dyeing eyelashes and eyebrows, as pre- and post-treatment of eyelashes during eyelash extensions.
